Every player's pawn starts at Intern — move it up as you promote.

STACK RANK FORMULA

Review Score = Career Capital gained since Quarter Marker + Political Capital on hand – (Burnout ÷ 4, rounded down)

QUICK REFERENCE

- Promotion slots per Quarterly Review: 1 for 2-5 players, 2 for 6 players.
- PIP slots always match the number of promotion slots.
- Mentorship Bonus: any player 2+ rungs behind the leader gains +1 Political Capital every Stand-Up, until they close the gap.
- Move your Quarter Marker to match your Career Capital at the end of every Review (Step 5 — Reset).
